

Training Specialist Senior Associate

"The people who are crazy enough to think they can change the world, are the ones who do."
- Steve Jobs

Teach For Malaysia is an independent, not-for-profit organisation on a mission to empower our nation through education. We believe that a child's education and future should not be determined by his or her circumstances in life. Thousands of students don't have the chance to realise their potential because of many socioeconomic factors, like how much their parents earn or where they live.

We recruit, train and support our country's rising generation of leaders to teach in high-need schools across the nation, through the Teach For Malaysia Fellowship - a two-year leadership development programme. We've impacted over 110,000 students, working with the Ministry of Education and other partners. Beyond the Fellowship, our growing network of Alumni are lifelong advocates for education and expanding opportunities for students, working as a movement to build an ecosystem of solutions at all levels of society - from the classroom to the boardroom.

We are looking for champions to join our team in this movement of change, who share our vision, mission, and core values; Sense of Possibility, Excellence, Collaboration, and Integrity. All these are an important part of our culture, to ensure long-term, sustainable success, and realise our vision:

One day, all children in Malaysia will have the opportunity to attain an excellent education.

Our collaborative working environment opens up many opportunities for you to expand your network and lead your own learning, alongside other team members, Fellows and Alumni, corporate partners, the Ministry of Education, and other education stakeholders. Teach For Malaysia is also a partner in the Global Education Network, Teach For All.

While our compensation package is fair and competitive, we do not expect this to be your key reason for joining us. After all, we are not just offering you a job; we are looking for a like-minded

future leader to grow with us and help us in our mission to end education inequity in Malaysia.

Role: Programme Team, Training Specialist (Senior Associate)
