

Monitoring, Evaluation, and Learning Manager

“The people who are crazy enough to think they can change the world, are the ones who do.”
- Steve Jobs

Teach For Malaysia is an independent, not-for-profit organisation on a mission to empower our nation through education. We believe that a child’s education and future should not be determined by his or her circumstances in life. Thousands of students don’t have the chance to realise their potential because of many socioeconomic factors, like how much their parents earn or where they were born/live.

We recruit, train and support our country’s rising generation of leaders to teach in high-need schools across the nation, through our 2030 strategy consisting of 2 flagship programmes which is the Teach For Malaysia Fellowship and Program Duta Guru - our two-year leadership development programmes focused on growing leaders across the education system. We’ve impacted over 150,000 students and worked with the Ministry of Education and other corporate and social sector partners to collectively bring transformation to the education system. Beyond the Fellowship and Program Duta Guru, our growing network of Alumni, education champions and supporters are lifelong advocates for education and expanding opportunities for students, working as a movement to build an ecosystem of solutions at all levels of society - from the classroom to the boardroom.

As we celebrate TFM’s 10-years of existence and impact, we are looking for champions to join our team in this movement of change - people who share our vision, mission, and core values (Sense of Possibility, Excellence, Collaboration, and Integrity) - so that we are able to collectively work towards expanding our impact. Alignment to our vision, mission and values are integral to TFM’s culture, to ensure long-term, sustainable success and to realise our mission to:

Build a movement of leaders in the education ecosystem to empower all children in Malaysia to realise their potential

Our collaborative working environment opens up many opportunities for you to expand your network and lead your own learning, alongside other team members, Fellows and Alumni, corporate partners, the Ministry of Education, and other education stakeholders. Teach For Malaysia is also a partner in the Global Education Network, Teach For All.

While our compensation package is fair and competitive, we do not expect this to be your key reason for joining us. After all, we are not just offering you a job; we are looking for a like-minded future leader to grow with us and help us achieve our mission.

Role: Manager, Monitoring, Evaluation, and Learning
Start Date: Immediate
Employment Type: Full time, 1-Year Contract (renewable)
Location: Kuala Lumpur, Malaysia

OBJECTIVE OF THE ROLE

The Monitoring, Evaluation, and Learning “MEL” Manager ensures that the organisation and its programmes collect the right data and analyse them critically to articulate TFM’s impact so that we make data-informed decisions that maximise the impact of the programme and organisation and inspire others to work with us in driving change.

The role will focus on the evaluation of TFM’s programs and operations through robust quantitative and qualitative measurement activities. This role works across several functions to support continuous improvement based on evidence-informed decision making via data collection, analysis and results sharing. The MEL Manager plays a key role in communication of both the state of education inequity in Malaysia and TFM’s impact in addressing this inequity. The role also aligns to the wider organisation strategy (Strategy 2030) through the use of available evidence.

MISSION FOR THE ROLE

This role manages other MEL Associates and Senior Associates in the organisation to oversee all the impact data of Teach For Malaysia, including student data, teacher/Fellow development data, school and principal data and other related data collected for the purposes of articulating TFM’s programmatic impact.

DUTIES AND RESPONSIBILITIES

- Contribute to organizational learning through the design of procedures, processes, and systems to encourage and facilitate more effective sharing of programme impact, approaches and lessons learned throughout the organization
- Conducting an ongoing analysis and using data insights to recommend and contribute to the strengthening of existing programmes and creation of future programmes
- Working with all organisational functions to understand the data needs of Teach For Malaysia, and the expectations of our key stakeholders
- Work with various programme teams in the organisation to ensure impact measures are effectively implemented and reviewed when necessary
- Ensuring the integrity of the data that is shared and that it is of high credibility for TFM’s stakeholders
- Empowering other functions in Teach For Malaysia to analyse and package data, generating insights that influence programmatic decisions and can be shared with external stakeholders
- Communicating the impact of the Fellowship Programme internally and externally using appropriate tools and platforms
- Designing and formulating annual impact reports for the organisation

Communication of Teach For Malaysia’s impact

- Oversee and manage the Impact Review and Impact Report process and align our data to our Fellowship and Program Duta Guru participants’ Journey
- Communicate the impact of the Fellowship Programme internally and externally using appropriate tools and platforms
- Support teams to use impact data to secure Phase 3 contract and drive process for DPLI reform
- Provide clear qualitative and quantitative analysis of progress against organisational goals, by analysing and synthesising organisation-wide data and other research
- Craft quantitative and qualitative reports that are clear, accurate, and accessible to teams individually, across the organisation and to external stakeholders
- Support Marketing function to develop media stories in relation to the overall organisational impacts

- Advise the Partnership Development and Fellowship teams to report TFM's activity and impact to key funders

Supporting organisation-wide evidence-informed strategic decision making

- Work closely with the Finance and Operations Director and other leaders of the organisation to influence organisation strategic decision-making through evidence, data and examples of best practices.

Expanding understanding of Teach For Malaysia's impact

- Drive improvements to Teach For Malaysia's measurement and evaluation framework to expand understanding and communication of impact
- Lead internal (and support external) research or evaluation projects, including on education inequity, student achievement, programme effectiveness and teacher effectiveness

Alignment to TFM Strategy 2030

- Conduct an alignment and assessment of TFM's impacts towards our 2030 strategic goals

REQUIRED COMPETENCIES

Overall Required Competencies

- Aligned to TFM Core Values: Sense of Possibility, Excellence, Collaboration & Integrity
- Passion for TFM's mission, the education field, and developing people's potential
- Proactive self-starter with the ability to manage multiple streams of work, and independently prioritise tasks
